

FCC: I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite Radio provides variety and quality that cannot be found else where. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I can hear. Please reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand and deserve. How is this any different than DirecTV or DishNetwork offering local channels?
